I'm going to have to go back in my records, but I thought we had closed this out before we went on lockdown.

I don't remember seeing anything on this after we were sent home in March, but let me do some background

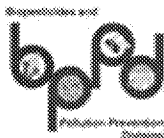

I would also ask Dian Overby in FEAD, as she was handling this at the time

Jeannine and Russ, can you provide comment on this response by COB Thursday?
Much appreciated,
Anne

Hi there,

We received comments on a congressional response surrounding biostimulants. The original letter is also attached. The big ask is whether we are opening a second comment period, which came from Rick. The comment is in the word document

Please advise. Thank you!

Hi Darlene,

Sure. I looked at it and edited some things, but if Rick wants info on the second comment period, it will need to go back to BPPD. Christina is handling BPPD now, so I'm sending to her.

Maybe the chestnut letter will get looked at and sent out some day!

Dian

Hi Dian,

We sent this letter to the OCSPP IO in April. We just received comments from Alex and Rick. Can you take a look and make any necessary revisions?

Darlene,

Below are comments from Alex on the Arizona letters on biostimulants. I have also attached the comments from Rick. The second attached file is the version of the letter that incorporates Alex's edits and also includes edits received from Rick – some of which I was not able to address. Can OPP review and revise to ensure that all comments have been addressed and send back to me? Once revised, I will make the same revisions for the other letter to Senator Kerr.

Thanks,
Melissa

Edits made below and also in all caps if added—pls fix as there are multiple fonts at work here.

Thank you for your letter of February 6, 2020, to the U.S. Environmental Protection Agency (EPA) on plant biostimulants.

Alex,

Attached is the incoming letter from Rep. Dunn and Sen. Kerr of the Arizona House of Representatives and the Arizona State Senate, respectively, on biostimulants and the draft responses on letterhead. The response letters for Mr. Dunn and Ms. Kerr are identical. The letters are near duplicates of what was sent to Congresswoman Pingree and others, but the second paragraph was tweaked. If you are ok with these draft responses, I will run them back through OCIR once more before you sign the letters.

Thanks,
Melissa
